

ECD Controls

About ECD

ECD Controls is more than a standard distributor. We are an integrated distributor with a UL Certified 508A panel shop. We focus on industrial controls and partner with customers to resolve problems and provide a complete solution for automation and controls. ECD distributes automation, control, motion, mechatronic and robotic products as well as provides value added services for **End User** and **OEM** applications.

Product Inventory

ECD provides a wide range of products to meet your needs. We have over a million dollars of **on-site inventory** ready to ship. In-stock **inventory ships within 24 hours** and includes:

- Electric motors & drives
- PLCs & HMIs
- Terminal blocks
- Timer relays & sensors
- Enclosures, racks, & cabinets
- Wire & cable management
- Transformers & power supplies
- Displays, instrumentation & monitoring devices
- Circuit protection
- Flexible cable & VFD cable
- Electrical connectors & cord sets
- Relays & signaling devices
- Thermal management
- VFD & Harmonic filters
- T-Slot Aluminum Profiles

The ECD Difference

ECD focuses on industrial controls for the **OEM** and **End User** markets. We consider both the control and mechanical component to supply components or create a complete system for our customers. **We provide the product, integrate it into the system, and distribute the custom systems.**

Value Added Services

ECD provides personalized service along with complete application, product solutions and Engineering Support for your needs:

- Experienced Engineering Staff
- Manufacturer trained personnel
- Vast knowledge of motor controls
- Personalized Account Reps
- **UL 508A & UL 698A** Certified Panel Shop
- Vendor Managed Inventory (VMI)
- Manufacturer Certified Drives Start-Up
- PLC Programming
- CAD Drawings
- Cable & Wire Cutting
- Drive & Rail assemblies
- Design & Build / Assembly Services
- Standard & custom enclosures
- Wire & Terminal marker printing
- Kitting & engraving
- Machine Safety & Guarding
- Custom Machine Frames
- Delivery Trucks

Electrical Control Distributors (ECD) is an integrated distributor. ECD focuses on industrial controls and distributes automation, control, motion and mechatronic products as well as value added services such as custom control panels to provide solutions for end user and OEM applications. We consider both the control and mechanical component to supply components or create a complete system for our customers.
