| | | | | | |
|---|---|---|---|--|---|
|  Low Voltage Drives | Industrial AC & DC drives and softstarters |  | Electrical enclosures, racks, and cabinets |  | Entrelec Terminal blocks and connection devices |
|  Low Voltage Controls | Industrial control, relays & contactors, circuit breakers & disconnects |  | Wire/cable management & identification systems |  | Filters for VFD, harmonics & high frequency applications |
|   A MEMBER OF THE ABB GROUP | Safety relays, sensors, switches, fencing, mats & light curtains |  | Industrial control and automation PLC's, HMI's, Relays & Power Supplies |  | Linear motion, guides, bearings, ball spines & screws |
|  Industrial Solutions | Motor & lighting controls, switchgear |  | Industrial Variable Frequency Drives |  | 6-Axis, SCARA & Cartesian Robotic solutions |
|  A MEMBER OF THE ABB GROUP | Industrial Electric motors |  | Control & Automation, Drives, Motors & Gears, Brakes & Clutches |  | Secure, reliable, remote connections thru IoT |
|  A Member of the ABB Group | Wire/cable management, cable protection, power connection & control |  | Linear motors, actuators & servo controllers |  | Electrical connectors, terminal blocks, Remote I/O and terminal markers |
|   | Timer relays and controls, sensors and microprocessors |  | Fuses, fuse blocks, holders, protection relays |  Industrial Networking Solutions | Ethernet switches & device networking products |
|  Passion for Sensors | Industrial sensors, encoder solutions & vision systems |  | VFD's, contactors & relays, circuit breakers & manual motor starters | <p>ECD is an integrated distributor. We distribute automation, control, motion and mechatronic products for End User and OEM applications.</p> <p>VALUE ADDED SERVICES</p> <ul style="list-style-type: none"> - Application Engineers on Staff - Certified Drives Start-Up - PLC Programming - CAD Drawings & Wiring Diagrams - Custom Control Panels - UL 508A & 698A Panel Shop - Contract Manufacturing - Cord Sets - Drive Assemblies - Custom Rail Assemblies - Custom Pneumatic Assemblies - Kitting & VMI - Engraving - Cable and Wire Cutting - Wire & Terminal Marker Printing - Standard and Custom Enclosures <p>Complete Application Solutions</p> <p>Large On-Site Inventory</p> | |
|  Forever Forward | Industrial Gearmotors, gearboxes, motors and inverters |  | Flexible cable, VFD cable solutions & power supplies | | |
|  | Electric AC motors |  | Industrial electrical connectors & cord sets | | |
|  | Gear motors |  | Transformers and power supplies | | |
|  | Sensors, Solid State Relays, Power Supplies, Industrial Controls |  | Safety switches, control relays & signaling devices | | |
|  | DC & AC motor speed controls & accessories |  | Structural aluminum profiles for machine building & guarding | | |
|  Engineered by Finmotor | EMI-RFI & harmonic filters for power quality |  | Signal & alarm products and warning devices | | |
|  Enclosing Innovations | Corrosion resistant enclosures |  | Thermal management for enclosures and signaling devices | | |
| | |  | HMI panels, modular PLCs, I/O modules | | |
| | |  | Fusible & non-fusible and enclosed disconnect switches | | |

ECD is first and foremost a distributor of electrical control components for OEM's and Machine builders. The something extra is the extensive knowledge of the products we distribute as well as the ability to help with product selection, technical support & application assistance. Value added services include an inhouse UL 508A and UL 698A Listed Panel Shop, Engineering Support, Custom Electrical Control Design & Fabrication, Electrical & Mechanical 2D & 3D drawings in Solid Works, PLC & Drive Programming Services, VFD Startup Services, Remote Equipment Troubleshooting Services, custom pre-assembled T-Slot aluminum profiles, custom rail assemblies, kitting and more. ECD is your source for OEM controls and offers a large inventory of automation and control products in stock and ready to ship.

Contact Information

Electrical Control Distributors

- Automation & Control Products
- Custom Control Panels
- PLC Programming
- VFD Assemblies & Programming
- VMI & Kitting
- Structural Aluminum Profiles
- Custom Robotic Work Cells
- Custom Machine Frames
- Custom Safety Partitions
- Custom Pick & Place Gantries
